

"I salute the light within your eyes where the whole universe dwells. For when you are at that center within you and I am at that place within me, we shall be one."

- Chief Crazy Horse, Oglala Sioux, 1877

"All things are our relatives; what we do to everything, we do to ourselves. All is really One." ~ Black Elk

At the center of the Universe Dwells the Great Spirit. And that center is really everywhere. It is within each of us.

- Black Elk -

WE ARE ALL CONNECTED
TO EACH OTHER
BIOLOGICALLY
TO THE EARTH
CHEMICALLY
TO THE REST OF
THE UNIVERSE
ATOMICALLY
Neil deGrasse Tyson

"We are earth people on a spiritual journey to the stars. Our quest, our earth walk, is to look within, to know who we are, to see that we are connected to all things, that there is no separation, only in the mind." - Lakota Seer

A human being is a part of the whole called by us universe, a part limited in time and space. He experiences himself, his thoughts and feelings as something separated from the rest, a kind of optical delusion of his consciousness. This delusion is a kind of prison for us, restricting us to our personal desires and to affection for a few persons nearest to us.

Our task must be to free ourselves from this prison by widening our circle of compassion to embrace all living creatures and the whole of nature in its beauty. ~ Albert Einstein

Regard heaven as your father,
Earth as your mother,
and all things
as your brothers and sisters.

Native American Proverb

"All things share the same breath - the beast, the tree, the man, the air shares its spirit with all the life it supports."

~ Chief Seattle
